Hyunsang Cho

hi@raymind.ai raymind.ai hyunsangcho.com

AI Product & Experience Executive

Product and design leader with over 20 years of experience across the UK, Korea, and Saudi Arabia. Enterprise AI platforms, VR, consumer products — I have built the teams, shipped the products, and run the organizations. Currently building Raymind.AI, an independent product studio where I make and ship my own products.

NOW

2025 — Present
Seoul

Raymind.AI

Founder

An independent product studio building consumer apps, developer tools, and AI engines. mdfy.cc, pastlife.app, jolong.ai, screenstyler.ai, and ddalggak.ai are live, with more in development.

EXPERIENCE

Apr 2025 — Apr 2026
Riyadh, KSA

Humain

AI Product & Experience Lead

Set up the product and experience organization for Humain OS, Saudi Arabia's national AI project. Defined platform direction, governance, and operating model from scratch.

- Set the product vision and roadmap across the AI platform
- Designed governance and review processes that scaled with the program
- Led expansion into wearable, ambient, and voice AI experiences
- Introduced AI tools into research, design, and documentation workflows
- Defined how product, engineering, and leadership teams worked together

Sep 2021 — Aug 2024
Seoul, Korea

Devsisters

Group Director

Led the end-to-end creation of a VR title on the CookieRun IP. Assembled the team, secured the Meta platform partnership, and shipped to Quest Store.

- Built a VR product team inside a company with no prior XR experience
- Negotiated and closed a strategic platform partnership with Meta
- Led product, engineering, art, and marketing as a single integrated team
- Shipped a title featured in Meta's own platform promotions and retail showcases

Oct 2018 — Apr 2021
London, UK

Kakao IX UK

Regional Director

Started and ran Kakao's first European office in London. Led the European business for KakaoTalk and Kakao Friends IP.

- Built the London office from scratch — legal entity, team, operations
- Closed licensing and retail deals in the UK, France, and other European markets
- Partnered with IMG to expand IP reach globally
- Represented the company at Brand Licensing Europe and industry events

Apr 2017 — Oct 2018
Dhahran, KSA

Saudi Aramco

UX Lead

Created the UX standards used across Aramco's digital systems, ahead of the world's largest IPO (2019). Built VR for industrial training.

- Created UX guidelines applied across all corporate digital services
- Built VR applications for industrial safety training
- Designed digital services aligned with Saudi national policy changes
- Contributed to modernizing Aramco's digital systems during IPO preparation

Jun 2015 — Feb 2017
London, UK

AKQA

Senior UX Architect

Led UX for Nike (NRC, NTC), Volvo (global web), Barclays (mortgage), and Virgin Atlantic (booking). Built AI recommendation and personalization systems.

Sep 2013 — Jun 2015
London, UK

Razorfish

Senior UX Architect

Led UX on multi-market digital programs for financial and consumer brands. Ran UX teams across markets.
